

Energy Efficiency Arkansas presents:

HVAC Commercial Contractor Training

Date: Wednesday, March 18th, 8am-4pm

Location: Harrison Energy Partners Training Center
1501 Westpark Dr., Ste. 9
Little Rock, AR 72204

Fee: This training is being sponsored by

Instructors: Jody Martin, Ryan Butts
RJ Mechanical, Birmingham, AL

Target Audience: Commercial HVAC/R Contractors, as well as architects, engineers, designers, manufacturers, wholesalers or anyone involved with commercial HVAC design.

Program Overview:

- ◆ Instruct improved energy efficient practices when designing, building, installing, and commissioning heating, ventilation, and air conditioning (HVAC) equipment on commercial projects.
- ◆ Teach participants how to install, operate and maintain a commercial heating and air conditioning system from the ground up utilizing the best known practices and latest technologies.
- ◆ Participants will leave with better understanding of HVAC systems and efficiency measurement therein.

Energy Efficiency Arkansas:

Energy Efficiency Arkansas (EEA) is a partnership between the Arkansas Economic Development Commission's Energy Office and Arkansas's investor-owned electric and gas utilities and electric cooperatives through a ratepayer-funded program approved by the AR Public Service Commission.
